Thank you so bloody much!!! You were incredible, nailed every moment perfectly (I think my favourite was your performance of 'kiss me' during the cake cutting) and absolutely killed the DJ set. All the guests had such a good time and it was because of you! We cannot thank you enough, you helped make our day so incredible!!! Thank you thank you!!

Morgan & Michael

"I just wanted to say a huge thank you for making our day what it was. From the ceremony to canapés all the way to the dance floor everything was amazing & the guests are raving about you too! It's a day/night we'll never forget. Thanks so much!!"

Ellie & Kane

"We couldn't recommend Steve highly enough. If you're looking for a talented musician who makes sure your wedding runs seamlessly, Steve's your guy. He was easy to deal with, and learnt special songs to play for us for our day, makes it all the more special. He provided the most amazing soundtrack to our wedding day. Guests loved his music, as did we! If you come across Steve, no need to look any further, he's incredible!"

Blair + Brendan

"We just wanted to send you through an email to say a proper thank you. There is definitely a reason we all keep inviting you to perform at our weddings. We really appreciated having you there on our day and making the music absolutely perfect. The ceremony was a dream, and the dance floor was going off which was more than we could ever ask. Thank you again!"
